PROJECT

Co-funded by the
Erasmus+ Programme
of the European Union

Start: 01.02.2022

End: 30.09.2022

Objective

The purpose of the project is the **design and development of modern digital training material for trainers on the subject of Algorithmic Thinking.**

These are four (4) courses for lifelong learning and four (4) distance learning. The lessons produced will be addressed to vulnerable social groups such as immigrants and refugees.

The goal is to educate and train specific groups in modern digital skills, such as Algorithmic Thinking.

Trainers Support

**Algorithmic
Thinking**

PROJECT

Co-funded by the
Erasmus+ Programme
of the European Union

Target Group:

Trainers, Training Centers, NGOs and immigrants.

As the purpose of the research is the perfect and quality development of educational material, the above research concerns trainers / teachers and Training Centers and Training Structures.

Results:

With the completion of the **production of the Algorithmic Thinking courses** and after exhausting the margins of diffusion of the project results at the local, national and international level, we expect the exploitation of the courses by immigrant educators as well as by Training Centers and Structures of education and training of immigrants and refugees.

Tuesday, 5th of April 2022.

Co-funded by the
Erasmus+ Programme
of the European Union

The project kick-off meeting took place at Labstem premises. Host organization (Labstem) being represented by Mr. Ioannis Dimos (President) and Mrs. Anastasia Samara while the In Progress partner (Italy) by Mr. Aldo Cammara (President) and Mrs. Marianna Giammarino.

The meeting opened with a warm welcome by the president of Labstem Mrs Ioannis Dimos.

In the beginning, Mrs Dimos presented the project objectives and priorities. Particularly, he presented the project's planned outputs and the detailed activities that should be conducted in order to successfully achieve the project results. Mrs Dimos presented each activity separately emphasizing the involved resources, the place, the deadlines, the quality criteria, the appropriate documentation and of course the budget.

For the 1° output (Handbook: support for migrants' trainers) Mrs. Dimos presented the Good Practices template, the Survey template, the project's official logo, the project's official website (www.at4mi.eu) and a proposal for the Handbook chapters and contents. Both sides partners discussed the proposed topics.

Kick Off Meeting in Lamia
